The Demand

Tomorrow, name which of your three spheres — internal operations, external market, or personal life — is quietly getting ignored while you focus on the other two. The weight shifts by what's actually urgent, not by preference. Check for Sphere Blindness before it becomes a crisis you didn't see coming.

The Work

Rate how much attention each sphere is currently getting — 1 (ignored) to 5 (fully attended):
Internal — the operation itself
Rating (1-5):
What's being missed:
External — cast, Guests, vendors, orbit
Rating (1-5):
What's being missed:
Personal life
Rating (1-5):
What's being missed:
Which sphere is quietly getting ignored while you focus on the other two?
Is the current weight distribution based on what's actually urgent, or on preference?
