076 Inbred Thinking

Perspective Fieldbook · https://kb.jeffreysummers.com/docs/076-inbred-thinking-2/

The Demand

Tomorrow, pick one domain — your own reading, your cast, your systems, your vendor stack, your advisors, your Guest mix, or your menu — and ask whether the sourcing has gone inbred. The fix isn't a quality problem, it's a sourcing problem: go find input from outside your usual circle.

The Work

Rate each domain — is the sourcing inbred (I) or drawing from outside your usual circle (O)?

Your own reading and study

I or O:

Evidence:

Cast (hiring and promotion sourcing)

I or O:

Evidence:

Systems and processes

I or O:

Evidence:

Vendor stack

I or O:

Evidence:

Advisors and mentors

I or O:

Evidence:

The domain most clearly running inbred:

Where you will go to find genuinely outside input this week:

What you expect that outside input to change about your current thinking:
